

INDUSTRIAL WATERPROOF TRACKBALLS

•50 mm ball •IP65/IP68 sealing •stainless steel carrier

The TSX50 series are waterproof and vandalproof industrial trackball units and uses the latest generation of optical trackballs. These trackballs are highly suited for harsh industrial environments thanks to their robustness and ease of maintenance. They feature a removable top ring facilitating the cleaning of ball and ball compartment for use in even the most dusty environments. The concept itself of these optical trackballs make them waterproof as well. The use of stainless steel for the various parts ensures the best resistance in salty or greasy environments. Due to its outstanding sealing, its professional style and its industrial robustness, this trackball unit is the best suited pointing device for all harsh or hostile environments, indoor and outdoor. All panel mount types are supplied with a silicone sponge seal ring for adequate sealing into the customers' panel or console. A cover plate on the rear side protects the components. Fields of applications are very wide : public access- and information kiosks, internet- and entertainment terminals, navigation controls, food industry, processing industries and many others.

GENERAL TECHNICAL SPECIFICATIONS

| Sealing | : IP68 waterproof | | | |
|--|--|--|--|--|
| Carrier plate | : brushed stainless steel | | | |
| Ball diameter | : 50,8 mm (2'') | | | |
| Ball material | : polyester | | | |
| Dimensions / weight | : 100 x 116 x 50 mm / 0,6 kg | | | |
| Lifetime | : >= 2 million ball revolutions | | | |
| Tracking force | : nom. 50 grams | | | |
| Output | : PS/2 & USB Combo | | | |
| Cable | : 1 shielded, straight 1,6 m long | | | |
| Operating temperature range : -10°C to +60°C | | | | |
| Storage temperature range | : -25°C to +80°C | | | |
| CE | : Compliant to EMC Directive 89/336/EEC for | | | |
| | Electromagnetic Compatibility. Low Voltage | | | |
| | Directive 73/23/EEC not applicable for our trackballs. | | | |

Panel mount version :

Front panel mounting with studs or front panel mounting with holes (for countersunk M4 screws, not included). Choice of switches and carrier plate : IP65 pushbutton switches or IP68 short travel switches. Choice of carrier plate : blank stainless steel carrier or matt blackened stainless steel carrier.

For the desktop version, see datasheet TSX50S8

ORDER INFO

| Front panel mount with studs | IP65 pushbutton switches | IP68 short travel switches |
|------------------------------|--------------------------|----------------------------|
| Blank topplate | TSX50F2 | TSX50F8 |
| Black topplate | TSX50F2-BT1 | TSX50F8-BT1 |
| Front panel mount with holes | IP65 pushbutton switches | IP68 short travel switches |
| Blank topplate | TSX50N2 | TSX50N8 |
| Black topplate | TSX50N2-BT1 | TSX50N8-BT1 |

CONNECTIVITY

These combo PS/2 & USB trackball units have a 1,6 meter long shielded straight cable ended by a USB type A plug. An adaptor to PS/2 is added. No special device driver is needed, use standard available drivers of your operating system.

* Due to the increasing differences of the PS/2 mouse port specifications of the various PC manufacturers, we do recommend that this unit should be tested on the final PC configuration and operating system prior to installing it in series.

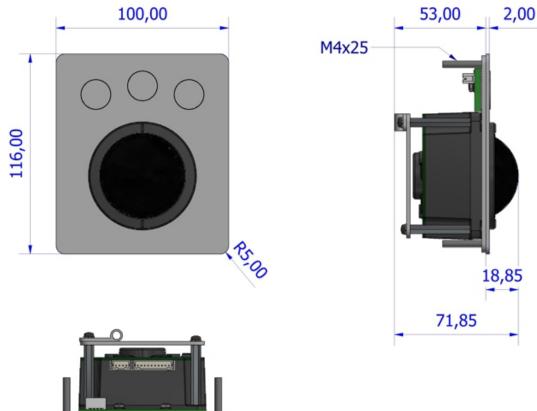

SWITCHES

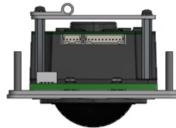

| <u>Switches</u> | <u>pushbutton</u> | short travel |
|-----------------|-------------------|-----------------|
| Sealing | IP65 | IP68 |
| Travel | 1,3mm | 0,5mm |
| Operating force | 4N | 4N |
| Material | stainless steel | stainless steel |
| Mechanical life | 1 million | 3 million |
| | | |

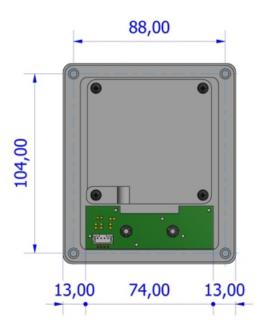

Output : PS/2 & USB Combo
